

ABC Magic Moments goes above and beyond what you would expect from a preschool.” -Parent.

QUALITY PRE-SCHOOL

Is Pre-School something you need? Then ABC Magic Moments can help. Quality childcare can make a big difference in the life of your child. It gives them a good solid foundation to build from, and a jumpstart on building their self-confidence. All of this leads to a better chance of becoming a more productive adult.

BACKGROUND

I attended Hallam University and Sheffield University in Sheffield, England where I studied teaching elementary age children, with an emphasis on linguistics. I have taken Early Childhood Development classes with the University of Davis. Presently I am giving workshops to Early Educators and attending on going Early Childhood classes through Ohlone College. I presently hold a Site Supervisor Credential in the Early Childhood field.

MAGIC MOMENTS

A Quality Pre School and Child Care Program

ABC MAGIC MOMENTS

It is the bond between teacher and student that makes learning a magical experience. If teaching is done right, it will leave a yearning in the child to learn more every day. Positive experiences in early childhood education are a must if your child is going to enjoy learning for the rest of his/her life.

Here at ABC Magic Moments, we strive to better ensure that this will be the experience that your child will have. We are dedicated to providing excellent care and education to every child that attends our facility.

We believe in...

Creative Play
Imagination
Friendship
Outdoor Play
Fun
Being partners with Mom and Dad

ACTIVITIES

Children will experience creative thinking activities through theme centers, circle time, creative play, and direct instruction.

The program encourages children to experiment, play, and gain knowledge

about the world around them through the use of their five senses. By doing this, they are broadening their foundation of knowledge needed to begin their formal education.

PHILOSOPHY

Our philosophy of education stems from the idea that young children learn best through creative play. The early years of life are important in terms of learning, exploring, and creating. **We are dedicated to providing excellent care and education to every child that attends this facility.**

Age appropriate agenda

- Social Skills: sharing, being kind, interacting, communicating with words, respect, etc.
- Academic Skills: reading, sorting, math, and computers.
- Fine motor skills: writing, drawing, puzzles, etc.
- Gross motor skills: climbing, running, jumping, skipping, etc.
- Mealtimes: focuses on learning to use utensils, good manners and balanced food choices.
- Personal hygiene skills: toilet training, washing hands, brushing teeth, etc.

SETTING

The atmosphere here at ABC Magic Moments is bright, airy, and pleasant. The outdoor play area is fenced in and the teachers supervise the entire play area at **all** times. There are plenty of toys and learning materials within the children's reach.
